Inclining Toward Perfection

The all-new HP TouchSmart PC boasts a freestanding design that is seemingly magical – one that appears to float. The iconic, sleek and slim look is not the only thing that you can flaunt about. The new reclining design is geared towards a new ergonomic way of computing. HP TouchSmart³²⁰ and HP TouchSmart⁵²⁰ tilt a convenient 25° and 30° respectively. Highly adaptable, adjustable and geared to work with you – human computing, that's what we're talking about.

No Boundaries

Say goodbye to static desktops. HP TouchSmart 5.0 Software lets you access your Windows® Start menu, task bar and desktop icons without leaving HP's Magic Canvas. The Magic Canvas offers an unlimited scrolling desktop that expands horizontally so you can spread out apps and content as you like. Transform your desktop with more space and perspective.

A World Of Apps At Your Fingertips

Touch, rotate and flick your way through everything. HP offers a suite of built-for-touch applications – double the amount of any other PC. Highly intuitive! HD display provides an almost cinematic experience – an intuitive HP touch screen with a host of built-in, touch-enabled apps.

Hear The Difference

Beats Audio™ redefines what digital music playback should be. Immerse in a world of crystal-clear studio-quality sound, letting you hear music the way your favourite artistes intended. Start feeling music like never before.
